

Reading Assessment; Making It Meaningful -Making it Work!

Presenters: Gwen Deeter, DCC Education Specialist
Jodie Dittmar, DCC Education & Communication Specialist

Where: CDE Diagnostic Center, Central CA
1818 W. Ashlan, Fresno, CA 93705

When: 8:30 – 12:00; Nov. 3, 2017

This interactive, “hands on” workshop offers educators an opportunity to consider the purposes of assessment, types of tools and evidence based practices in:

- Individual and large group reading screenings
- Progress monitoring and diagnostic tools for:
 - ✓ Phonemic awareness
 - ✓ Phonics
 - ✓ Decoding
 - ✓ Vocabulary
 - ✓ Comprehension
 - ✓ Dyslexia
- Bridges to Multi-Tier Systems of Support (MTSS & RTI²)
- Models of Practicality and Models of Success

It's Never Too Late! Assisting Older Struggling Readers

Presenter: Jodie Dittmar, DCC Education & Communication Specialist

Where: CDE Diagnostic Center, Central; 1818 W. Ashlan, Fresno, CA 93705

When: 1:00 P.M. – 4:00 PM; Nov. 3, 2017

This workshop will present essential elements of teaching reading, with particular regard to struggling students in 3rd – 12th grades. Evidence based practices in literacy instruction, Common Core comprehension and interventions for dyslexia will be shared. Resources will include:

- Response to Intervention/Multi-Tier Systems of Success
- Scaffolding, accommodations and Assistive Technology for reading and writing
- Emotional and behavioral considerations for the struggling reader
